### About This Content

**Get ready to rock!**

The OVERKILL Pack is our 17th DLC for PAYDAY 2. It allows heisters to use the Minigun and the Rocket Launcher weapons, the OVERKILL mask as well as a new OVERKILL Escape Van skin. There will be 3 weapon modifications for the Minigun as well as a total 10 extra achievements added. The OVERKILL Pack adds a large amount of Hype Fuel for the Hype Train event with a chance of unlocking additional content for all PAYDAY 2 owners.

### Key Features

Minigun weapon – The Minigun is a 7.62x51 mm, six-barreled machine gun. It can fire up to 6,000 rounds per minute which is crazy. It has Gatling-style rotating barrels with an electric motor as its power source. The "Mini" in the name is in comparison to designs that use a similar firing mechanism but larger shells, which is funny, because the Minigun isn't that mini in reality.

•3 Minigun weapon mods – Enjoy customizing the minigun with some really cool weapon modifications.

•New Rocket Launcher weapon – The Rocket Launcher is a portable, unguided, shoulder-launched, anti-tank rocket-propelled grenade launcher. Because of its ruggedness, simplicity, low cost, and effectiveness it has become the most widely used anti-armor weapon in the world.

•New Escape Van skin – Modify the classic PAYDAY gang Escape Van with a completely new and unique skin. Be the envy of all other heisters out there using this beauty.

•1 new OVERKILL mask – A completely new mask that we call the OVERKILL mask is given to anyone who purchases the OVERKILL pack.

•10 new achievements – An additional 10 achievements are added to give you more challenges to complete with your crew.

---

• **Additional Hype Fuel for the Hype Train event** – Help the rest of the community gain Hype Fuel by purchasing the OVERKILL Pack. Buy the 4-pack and give the extra copies away to your friends. The Hype Fuel event is a community event between February 5 and March 12 where the community work together in order to unlock free updates for everyone.

When the Hype Train event has concluded, all of the destinations that have been reached will generate free content that will be unlocked during the Spring Break event between **13-21** March.

• **Bonus content with the Spring Break event** – When the Hype Train event has concluded, all of the destinations that have been reached will generate free content that will be unlocked during the Spring Break event between 13-21 March.

I've played the VR experience first, and then watched the short film, and neither really impressed me.

Too short, too much talk, too little suspense. I'm not sure what you're supposed to feel, if anything, but it didn't work for me..

This game is fantastic! As I played this game, it seemed really realistic with the talking. It was also really interesting that you could choose different paths like when you are talking with someone in the game you could disagree or agree and that could lead on to what happens later on in the game. I personally think maker/creator of the game made multiple story paths so this game has meaning and liveliness. This game is also really fun even though it is kind of difficult at first, but you will get the hang of it in about 5 minutes, and that's what makes it fun. This game is not just some mindless action, there is also a hint of logic and thinking. I felt accomplishment because of the mixture of feelings and actions in the game. Besides, the game pictures are well-designed and very artistic and I also liked the music. One suggestion for upgrading the game is to include some AI elements, for example, using speech recognition to conduct speech conversation.. I WANT MY CD KEY FOR THIS SO I CAN USE IT.. Amazing Game! I love the challenge that it gives, yet being simple enough for anyone to pick up. Great Development, and I can't wait to see what is in the future for The Story Goes On. Easily give this game a 10/10!. Really nice story this game have.....

You should buy the dlc.....

The story is fascinating. previous Geneforge 4 review

## Geneforge 5

Graphics: Better graphics and lighting effects than the previous four Geneforge.

Control: Nice and not-so-clear dramatic tutorial, fixed key binding.

Replayability: Somewhat High.

The cliché of this game is... you are amnesic! hurray! But most of the important characters know who you are... and none of them will tell you out of the kindness of their hearts. All of them will exploit you and profit of the actions of the 'mysterious stranger'. You can be an obedient Shaper tool and happily slaughter Rebel scum and Unbound, the Mad Lizard's mad glowing lizards. I killed about 20 Unbound, if I missed some I will appreciate information on their whereabouts to clean Terrestria for good.

Of course you can be Rebel scum as well but... Why?

The narrative is good, the freedom is back. I enjoyed playing Geneforge 5 almost as much as Geneforge 1.

The Geneforge Saga is a perfect cycle: You know who you are but not where you are to you don't know/remember who you are but you know where you are.

Things I learned:

-Serviles smell bad.

-Uss is Drakon speech for 'Fort'.

-Drakons become duller every next game.

-Wingbolts are OP

-I got the 'pleasure' of killing Greta and Ghaldring... again.

The end

Total Rip off, Game does not work on my very powerfull computer. Does not evens start i just get an error message. Pretty Good.. Really enjoyed this one. Art is beautiful and the puzzles aren't too difficult. The hidden object scenes are good. I'll definitely buy other games from the same developer.

Make sure you watch the credits--definitely worth it. The "Making of" movie is fun, too.. This game is the best VN ever. It's so gay, everybody is so gay, I love it.

The art, the puzzles, it's so goooooood.

I hope Steam brings the sequels here.

I'll ♥♥♥♥ing learn Japanese for this game.. Wygląda to do zabawnie, gdy Raziela zamiast zwyczajnie zabić swojego przeciwnika i wchłonąć jego duszę ucywiera różnego rodzaju broni. DLC podmienia same modele postaci, ale nie sposób walki. W opisie nie jest nic o tym wspomniane, jednak brałem pod uwagę tak samo możliwość, więc nie jestem specjalnie zawiedziony. Same postaci jak najbardziej na plus, bo uwielbiam serię Legacy of Kain. Zadbano o dialogi - postaci mówią swoje własne kwestie z odpowiednim akcentem, więc nie ma takiego problemu, więc widzimy Raziela z głosem Lary Croft. Myślę, że fani serii powinni kupić to dlc. Nie ma co specjalnie narzekać na ten brak specjalnych ataków. I don't really do this recommending of Early Access. But, I like the dev' and he is a pretty decent guy. Super active. Great update time.. No valve, please no... dont make me install this again for the spring cleaning event...
